

# COUNTY OF YORK

## MEMORANDUM

**DATE:** September 7, 2005 (BOS Mtg. 9/20/05)

**TO:** York County Board of Supervisors

**FROM:** James O. McReynolds, County Administrator 

**SUBJECT:** Water Country USA Route 199-Limited Access Break

As you are aware, at your July 19, 2005, meeting, the Board passed a resolution (R05-133) endorsing the proposed relocation of the Route 199 entrance to Water Country USA. As Route 199 is a Limited Access highway, Busch Entertainment will have to have approval from the Commonwealth Transportation Board for the new entrance. In order to request this new limited access break in Route 199, Busch Entertainment must have the endorsement of the Board.

Subsequent to your July 19, 2005, meeting, we were informed by VDOT that we must hold a public hearing regarding this matter. VDOT's original direction to staff was that we did not need to hold a public hearing. As we have been informed that we must hold a public hearing, we have scheduled it for your September 20 meeting. The public hearing has been properly advertised for the meeting. At the conclusion of the public hearing, if the Board is willing to reaffirm its support for the entrance relocation, it will be necessary to approve the same resolution approved at your July 19 meeting. Proposed Resolution R05-163 reaffirming your support for this request is attached for your consideration.
